Sport for all is a right for all citizens of the world, for women and man of all ages. As is the game, social integration and health these Games will be held during the celebrations of the 60th anniversary of the Uisp! we decided to celebrate our anniversary with all those who are committed to promote sport for all values, we know that are shared by the member federations of the Csit. We have taken the responsibility of organizing the "World games" knowing can count on your cooperation. With the commitment of hundreds of volunteers and our leaders, let's face the challenge!
The celebrations can begin, we are waiting for you.

Filippo Fossati, *Uisp President*

CSIT, the Confédération Sportive Internationale du Travail, in co-operation with its national member UISP, Italian Sport for All Association, is very glad to welcome your organisation to the "CSIT WORLD SPORTS GAMES", in Rimini (Adriatic Riviera) from Sunday 29th till Sunday 6th July, 2008. For the first time ever in history of CSIT, most of its major sport events will take place at the same time in the same city, with a value-added programme. A new way to promote sport for all, labour sport, amateur sport, throughout the world: 12 international championships, training sessions and exchange of experience between sports (wo)men, coaches, referees, managers, playing sports in inter-nation team for fun, dancing and gymnastics shows and exhibitions, experimental tournament of football without referee, physical activities for seniors, entertainment thanks to the beaches. We are happy to announce the expected participation of about 3.500 sportsmen and sportswomen coming from various member organizations out of Europe, America, Africa and Asia. Thus...a major sport event for better human relations in a better world! We wish the great success of the event!

Kalevi Olin, *CSIT President*

Csit World Sports Games are on the starting line. Finally this year it has been possible to organize a great party of sport for all, with 25.000 athletes coming from 25 different countries for a total of 12 international championships.

For Csit sport is not just competition: it's an important means of integration, solidarity and social inclusion. Sports events will be accompanied by concerts, cultural events and meetings about cooperation, intercultural dialogue and social cohesion: sports activities will joint social values. Medals will have just a symbolic value: the real goal is to promote cultural exchange between athletes, coming from all world: Europe, Mexico, Brazil, Senegal, Angola, Morocco, Algeria and India.
