

Organized Sport in regional Network Sport and Health – Significance and Goals

Eckhard Cöster Sports Federation of the State of Hessia

Prof. Winfried Banzer, MD, PhD University of Frankfurt, Germany

Why networking?

Guiding principles for a population based approach to physical activity:

"Implement sustainable actions in partnership at national, regional and local levels and across multiple sectors to achieve greatest impact"

"Important elements of successful policies and plans:

- Support from stakeholders
- Integration of physical activity within other related sectors
- Multiple intervention strategies
- Implementation at different levels within "local reality"

A GUIDE FOR POPULATION-BASED APPROACHES TO INCREASING LEVELS OF PHYSICAL ACTIVITY:

> IMPLEMENTATION OF THE WHO GLOBAL STRATEGY ON DIET, PHYSICAL ACTIVITY AND HEALTH

Deutschlands Initiative für gesunde Ernährung und mehr Bewegung

- Hessian Action Plan (HAP)
 - Initiative within INFORM (Germany's National Action Plan for more physical activity and healthier diet)
- "Powerful Sport Powerful Cities and Communities"
- Cooperation: German Association of Towns and Municipalities, German Association of Cities, German Olympic Sports Federation

Goals

- Reaching at risk target groups
 - The overweight
 - Children with motor skill deficiencies
 - The elderly
 - The socially vulnerable
 - Migrants
 - The inactive
- Developing and improving health oriented exercise programs
- Disseminating the Sport Pro Health Quality Seal

Reaching the goals

- Recruiting and qualifying instructors through the license "Prevention by means of exercise"
- Informing board members of sports clubs about quality criteria of health oriented activities and awareness raising for the issues health and diet
- Promotion through public visibility of sport clubs at health fairs, health days, and lectures at clinics/hospitals

Reaching the goals – Networking with institutions and organizations
